EXPLORE AND REPORT ON ALL OF THIS

### Sign up

#### SARAH · FIRST CONTACT

- Welcome, Pricing, About and Legal pages, then "Start free".
- Your own family web address, like /t/khan-family.
- Sign in by email magic link or Google. No passwords.
- Wizard: members, roles, kids' ages; timezone and currency auto-detected.
- First login shows a 4-step Get Started guide: add kids, set PINs, choose sticker value, pick first habits.

Explore: email typos, expired magic link, going back mid-wizard, tiny screens.

### Dashboard

#### SARAH + YUSUF · THE DAILY DRIVER

- Six tabs: Today · Meals · Calendar · Assignments · Noticeboard · Tasks.
- Meals: week planner plus snacks. Tasks: assign, filter by member, mark done.
- Calendar: repeating events, plus a private link that feeds Google, Apple or Outlook.

Explore: member filters, week arrows, long titles, empty tabs.

### Family

#### SARAH (ADMIN) + YUSUF · PEOPLE AND ROLES

- One screen: Grown-ups (email sign-in) and Kids (PIN sign-in).
- Invite adults; add kids without email; set or reset 4-digit PINs.
- Admin toggle (last admin protected); remove members; change your email safely.
- Built for real families: twins, blended families, grandparents as adults or guests.

Explore: what a non-admin can and cannot see; invite the same person twice.

## Rewards

### SARAH (ADMIN) · CHORES TO MONEY SKILLS

- Settings: sticker value per family (per-child override), pay boosts (2x/3x/5x), optional skip penalty, pocket money.
- Invest and grow: invest a child's stickers into a habit with a growth multiplier.
- Admin Panel: balances, week history, quick actions (claim, cash out, save, invest, withdraw).
- Reward shop items and kids' requests.
- Your data: export everything; delete account lives in a danger zone.

**Explore: change the sticker rate mid-week; can a non-admin reach any of this?**

## Kid world

### AMINA + THE KIDS · PIN LOGIN

- Tap your avatar, enter your PIN. Wrong-try lockout protects the account.
- Kids get six tabs of their own: My World, Meals, Calendar, Journal, Learn, Tasks.
- My World: weekly habit tracker, stickers, weekly account (earned / saved / invested), money skills, end-of-week recap.
- Reward shop: kids pick a reward and send a request; parents approve and redeem it.
- Tasks: their own tickable task list.

**Explore: role-play an 8-year-old; is anything confusing, unreadable, or reachable that should not be?**

## Learn

### KIDS ONLY · SARAH SEES INSIGHTS

- Logic: patterns, odd-one-out, if-then, sorting; three difficulties.
- Maths journey: placement test, lessons, times tables, challenges, certificates.
- World Flags: explore the map, flashcard path, quizzes, certificates.
- Art: a free drawing canvas. Plus a reading log.
- Parents get a read-only Learning Insights tab per child.

**Explore: quiz exits, certificates, difficulty jumps, quitting mid-lesson.**

## Child view

### SARAH + YUSUF · ONE CHILD, WHOLE PICTURE

- Open any child's world from the account menu.
- Their habits, rewards, meals, calendar, journal and learning insights.
- Week close: claim / cash out / save / invest / withdraw, fully audited.

**Explore: close a week, reopen it, verify the money maths always adds up.**

## Everywhere

### EVERYONE · CROSS-CUTTING

- Phone-first layouts, finger-sized tap targets, no sideways scrolling.
- Back button, double-taps, two adults in the same family at once.
- Beta feedback widget (bottom corner), sign out and in.

**Explore: anything that works on a laptop but not on a phone.**
